Sportcam-300 -Share your adventures with friends and family
Whether you're skiing, kayaking, rafting or showing your latest tricks on the half pipe, with the Sportcam-300 you can capture your best moments easily. Transfer your photos and videos to your computer with the USB cable and enjoy your videos and photos in a FULL HD or 5MP quality.

Capture all action
The Sportcam-300 comes with various mounting accessories so you can capture all action, hands-free. For example, attach the camera to your helmet while mountain biking or to your surfboard while catching big waves. With the waterproof casing you can even take photos or film under water up to 3 meters.

Solid technology for perfect action shots
The built-in wide angle lens guarantees perfect action shots, which also looks extremely dynamic on your TV. After the action you can use the 2,4" (6 cm) wide touch screen to play back your recordings.

Easy to use
For maximum action you need full concentration, so the Sportcam-300 is extremely easy to use. The Sportcam-300 does not only have two easy to operate buttons, but also a remote control, how easy is that?
